EXPERIENCE

Computer Analyst III   Summer 2021 - Present
Aviation and Missile Solutions, Huntsville, AL
- Updated/implemented parts of radar software in C++ according to provided requirements.
- Completed over thirty software change requests to upgrade our codebase.
- Traveled to three locations across the country to debug software and collect data during live radar test events.

IT Intern   Summer 2019 - Present
Therapy Brands, Birmingham, AL
- Helped in projects such as employee organization within our Jumpcloud, Zoom setup, and Slack improvements.
- Helped employees with their general technology problems through Zendesk tickets.
- Created automated tasks using Microsoft Flow and Zapier for e-prescriptions.

Web Developer Intern   Summer 2020
Kinetic Communications, Birmingham, AL
- Developed my own portfolio website using HTML, CSS, Javascript, Bootstrap, and JQuery while receiving feedback from the developers at Kinetic.
- Helped maintain websites that Kinetic created by editing their contents via WordPress.

COMMUNITY SERVICE

Foster Parent for Kittens   2018 - 2021
Greater Birmingham Humane Society, Birmingham, AL
- House kittens who are underweight for being neutered or have disabilities.

EXTRA-CURRICULAR ACTIVITIES

Taste of India Liaison   Winters 2019 & 2020
Asian American Organization at UAB, Birmingham, AL
- Acted as a leader and guide to liaison dance teams that come to UAB to compete.

PROJECTS

Wedding Website - Website built from scratch with Python Flask at https://fahadandelora.com.
Discord Bot - Bot that uses BeautifulSoup4 to scrape League of Legends data.
